Manfred Sternberg ESQ

open : i'll get what is mine

He is buying himself and  
his lawyer a bunch of bad  
pr and claims of fraud and  
wire fraud

especially last friday when  
he said less than 45 min  
away and i scrambled to  
send him another \$190k

That is classic fraud in the  
inducement and can only  
be cured by delivery or  
return of all money

Should we request  
refund ? In your mind ??

Or should I try close it ?

Like I didn't work here to  
lose in full if that makes
